

o2 Global Network for Sustainable Design | Sustainable Design Workshops  
Design Winrange 2008

## Workshop 2 : Mixed Greens

**what** Mixed Greens is a collaborative design community project focusing on leadership and applied sustainable strategies. You will live in a 17th century castle surrounded by a private park, lush forests, clear lakes, rolling hills and beautiful vineyards. Workshops are held both indoors and outside. You will have the opportunity to truly connect with nature in this beautiful setting. With a strong focus on environmentally sustainable design practices, we'll analyze how we can create, improve and elevate our current design practices. Over these two weeks, we'll build trust and leadership skills to do the best possible work, and leave you with a lasting experience you can apply in your work at home.

**when** "Mixed Greens" Workshop starts july 28th and ends august 8th, 2008.

**where** Winrange, Grand Duchy of Luxembourg.  
Please check [www.o2lu.org](http://www.o2lu.org) for directions or email us: [info@o2lu.org](mailto:info@o2lu.org)

**outline** Workshop introduction and welcome party begins at 3pm on monday, july28th. The workshop sessions begin tuesday morning , july 29th.

The value of this workshop lies in the collaboration between participants and hosts, with collective involvement in individual projects, and the amazing setting and location of this workshop. Each participant will get valuable feedback from hosts and peers.

Workshop session will include the following (more to be annoned on day one)

**Zero Day:** We'll minimize waste, and re-use whatever we waste. We'll work with no power supply, and analyze what possibilities lie in powerless design solutions.

**MicroSpace:** Space efficiency and environmentally sound solutions for living and working quarters.

**Hunt + Gather :** Work outside, sustainably collect natural materials for design charrettes. Observe, gather ideas, apply biomimicry. (FYI: no animal hunting)

**Dumpster Dive Design:** 50 households, collect one day's trash, unleash your ideas  
**Design Charrettes** with focus on the future of sustainability.

### WEEK 1

**day one:** Monday, july 28th, 2008

Workshop introduction starts at 3pm. Get to know everyone involved. Make yourself at home, take time to look around, find your room and get some rest after your travels. Dinner and welcome party.

**tuesday-friday** Workshop sessions start Tuesday, July 15th, after a good rest and a nice breakfast. Briefing on location, spaces and topics.

**saturday & sunday** Exploration weekend. Stay with us or do your own thing. You can join us for a hike or swim in the lake, discover the old city of Luxembourg, take a wine tour, or just relax in a hammock and slurp a Piña Colada. It's your weekend, whether you'd like to explore, design stuff or just relax.

### WEEK 2

**monday-wednesday** Workshop sessions and design charrettes.

Get feedback and critics on work from hosts and peers. Prepare public exhibit of all projects.

**thursday** Thursday night: Exhibit opens, party time!

**friday** Exhibit all day, last lunch, document all your work  
Time to say goodbye.
